Professional Competence

Experience as a Frontend Developer:

- **Frontend Technologies:** Proficient in HTML, CSS, and JavaScript, with knowledge of frontend frameworks like React.
- **Responsive Design:** Ability to create responsive and visually appealing user interfaces that function seamlessly across various devices and screen sizes.
- **Understanding of Web Standards:** Familiar with web standards, accessibility principles, and best practices in frontend development to ensure compatibility and compliance (expertise in Figma).
- **Version Control Systems:** Experience with version control systems like Git for collaborative development and code management.
- **Problem-Solving Skills:** Strong problem-solving skills to troubleshoot issues, debug code, and implement effective solutions.
- **Attention to Detail:** Meticulous attention to detail in implementing designs and ensuring pixel-perfect accuracy in front-end development.
- **Time Management:** Effective time management skills to prioritize tasks, meet deadlines, and handle multiple projects simultaneously.
- **Communication Skills:** Strong verbal and written communication skills to convey ideas, discuss technical concepts, and collaborate effectively with team members and clients.

Project Competence

Rainy days (<https://nostalgic-hawking-af93b5.netlify.app/>)

Worked on the development and design of a responsive e-commerce website using WordPress as a headless CMS, Bootstrap for styling, and API handling for dynamic data retrieval. Created a user-friendly and visually appealing interface that functions seamlessly on both desktop and mobile devices. Integrated custom themes and utilized APIs to manage and display product information. The project includes features such as product listings, search functionality, and user authentication. The site uses MAMP for local development and PHP for database interactions. Deployed on Netlify for reliable hosting and scalability.

Technical Stack:

Frontend: HTML, CSS, Bootstrap CMS: WordPress (Headless)

Backend: PHP, MAMP API: API integration and handling Deployment: Netlify

Social Media App (<https://github.com/willyongaks/social-media>)

Developed a responsive social media application using React and Node.js. Implemented secure user authentication with OAuth, dynamic news feed, and interactive features such as posts, comments, and likes. Designed an intuitive user interface for both desktop and mobile. Used RESTful APIs and MongoDB for robust data handling. Deployed on Netlify for scalability.

Technical Stack: React, JavaScript (ES6+), HTML5, CSS3, Netlify

Game Archive (<https://gamearchive-ongaki.netlify.app/>)

Developed a responsive React application to catalog and display video games using an external API. Implemented features include a dynamic search field, detailed game pages, and external links to game websites. The application has a clean and intuitive user interface with real-time data fetching, error handling, and responsive design for optimal user experience on all devices.

Technical Stack: React, JavaScript, HTML5, CSS3, External game database API, Netlify

Personal Competence

Curious:

My curiosity drives me to continually improve my skills and stay updated on the latest trends and tools.

Efficient:

Efficiency and good routines help me do a good job and meet deadlines.

Creative:

Explore new technologies by thinking outside the box and trying new approaches.

Flexible:

Adaptable to changes and able to tackle various tasks and challenges in a dynamic work environment.

Work Experience

2019 - 2023	Warehouse Worker, Logent
2018 - 2019	Waiter, Nighthawk Diner
2018 - 2020	Group Instructor, Sats Elixia
2014 - 2017	Professional Dancer, Sarakasi Trust

Education

2021 - 2023	Frontend Development, Noroff School of Technology and Digital Media
2017 - 2021	Dance, Musical Theater, and Commercial Performing Arts, Bårdar Academy

Languages

Norwegian: Proficient in writing and speaking

English: Fluent

Swahili: Native language

Hobbies and Interests

In my free time, I pursue various passions. As a professional dancer, I express my creativity and artistic talent on stage. Additionally, I enjoy curating enriching contributions on Instagram, especially focused on strength training, to inspire others. By combining my love for music with my skills as a DJ, I often create memorable experiences at corporate events. These varied interests allow me to continuously explore and express my creativity outside of my professional commitments.
